# Conclusion - Humble Request with City Council

## Conclusion

At this stage, when the zoning by-law amendment is still being considered, it is vital and important to address this situation and concerns of the residents now vs having the whole neighbourhood fighting for it afterwards at a later date. **To the visitors of this place it is only an occasional place of visit. To the neighbourhood, this is their home.**

We are not in favour of the proposed changes to zoning by-laws to allow any place of worship/commercial/public establishments coming in this otherwise peaceful neighbourhood.

## Possible Mitigation

In order to address the above stated concerns, residences of neighbourhood in Ward 10 are here-by requesting the Brampton City Council to allocate an alternate site location for building the proposed place of worship instead of the current proposed busy intersection.
