Subject: [EXTERNAL]Opposing City File OZS-2022-0019 Ward 10

Caution: This email originated from outside the organization. Do not click links or open attachments that you do not trust or are not expecting.

Hello Angelo,

I am in strong opposition against City File OZS-2022-0019, Ward 10 - the development of new place of worship.

The area is already busy enough with many car accidents as it is. This is a terrible addition to the neighbourhood.

We already have a community centre, gymnasium and public library within 3 KM! There is absolutely not enough parking for this request and we will see an overflow into our residential zones and most definitely no need for these facilities when we have others so close by.

I wish to be notified and updated with developments regarding this matter. Many of my neighbours have also brought up concerns with this.

Regards,
Joseph Khalil
