President Report: Spoke briefly about the vents attended and apologized for those that she was unable to attend. Hopefully will do better in the future. October 1st was Seniors Day and there were many celebrations carried out for the seniors.

Discussion introduced on Bill 7 (Alternative Level of Care) and how the Provincial Government has legislated the terms for Seniors/Elders will be moved from hospitals to LTC establishments up to 50 km and 70 km for those in rural areas. This is certainly not a satisfactory solution and will initiate a letter writing campaign and following that we will organize the clubs to march to Queens Park. Have had one meeting with MPP Prabmeet Sarkaria and will attend follow-up meetings.

Members were asked to sign up to Attend function at Algoma University.

Wished everyone a Happy Thanksgiving
