

The Successes of the Rogers Cybersecure Catalyst at Brampton

Presentation to Brampton City Council

January 18, 2023

With the Rogers Cybersecure Catalyst, Brampton is...

Nationally recognized as one of Canada's **most important cities for collaboration and innovation in cybersecurity**

The home for Canada's **largest workforce training program in cybersecurity**

The base of Canada's **largest commercial accelerator for cybersecurity start-ups and scale-ups**

The site of the unique **Catalyst Cyber Range, offering specialized simulated training in cybersecurity**

And much more...

Accelerated Cybersecurity Training Program

The Catalyst's Accelerated Cybersecurity Training Program (ACTP) is the leading cybersecurity training program in Canada.

The ACTP is specifically geared to addressing labour market shortages and fostering diversity and inclusion in the Canadian cybersecurity sector.

Participants receive seven intensive months of cybersecurity skills training, earning three internationally recognized GIAC certifications.

90%

of graduates find employment in the sector within 12 months of graduation.

468

new cyber professionals have been trained and certified by ACTP since 2020.

650

new cybersecurity professionals will graduate by December 2023.

62%

of graduates are women.

85%

of students admitted in 2022 self-identified as a visible minority.

Where ACTP Graduates Work
