To Honourable Mayor, Councillors and City Staff,

The proposed height of two high rise buildings will not only impact the resident's privacy and safety but also the mental health due to loss of direct sunlight during the day.

To those directly beside the proposed structure, the construction might have some impact to foundation structure of our 30+ year old homes.

While we all are aware of the shortage of housing, I request the building height to be limit the height of these buildings to address the concerns and well-being of the residents.

Thank you  
Arshdeep Dhanjal  
Neighbourhood Resident
