The following motion was considered.

C350-2022

Moved by Regional Councillor Keenan

Seconded by Regional Councillor Singh Toor

That Committee of Council Recommendation CW376-2022 be extracted from the minutes and approved as follows:

CW376-2022

Whereas the City of Brampton allows residents the use of short-range fireworks on their private property four times a year (Victoria Day, Canada Day, Diwali and New Years Eve); and

Whereas the City of Brampton currently has city-run events with fireworks on Canada Day and New Years Eve; and

Whereas the current firework permit process allows for the issuance of permits for special events and the film industry; and

Whereas staff have identified a significant growth related to the number of fireworks related complaints since 2019; and

Whereas in a staff report from June 10, 2022, staff indicated that a complete ban on permitted fireworks would remove enforcement ambiguities surrounding height of effect and location of use as all fireworks purchased, sold, possessed or discharged unless a Fireworks Permit was issued;

Therefore be it resolved that:

1. The City of Brampton amend the Fireworks By-Law to prohibit the use, purchase, discharge, possession, sale and offer to sell all fireworks including Consumer Fireworks, Display Fireworks, Pyrotechnics and Prohibited Fireworks for all uses (except those outlined in clause 2) effective immediately; and

2. The current firework permit process be amended to only be applicable to the film industry and City run events; and
3. The City of Brampton increase the fines for discharge, sale, and offer to sell fireworks as per the chart below; and

Description	Current Administrative Penalty	Proposed Administrative Penalty
Discharge or be in possession of fireworks	\$350.00	Minimum \$500.00
Sell or offer for sale fireworks	\$350.00	Minimum \$1000.00

4. Staff be directed to implement a fireworks ban awareness campaign through the City’s Strategic Communications Division with a cost of \$20,000 to be included in the 2023 budget process; and
5. Staff add an annual City-run Diwali event with Pyrotechnics and/ or fireworks similar to Canada Day and New Years Eve fireworks and pyrotechnics displays; and
6. Events and Protocol staff and Sponsorship staff work with local partners to invest in the City-run Diwali event to support a vibrant, fun and safe event for residents to enjoy; and
7. Staff report back on:
 - a. The feasibility of an enforcement “blitz” for New Years Eve 2022 with additional 311 staff and staff for proactive enforcement including the possibility of utilizing City of Brampton Property Standards Officers or enforcement officers from neighbouring jurisdictions to assist with service requests for the day; and
 - b. The justification and maximum fines that can be laid for the discharge and sale of fireworks through the AMPS system.

The following motion was considered.

C352-2022

Moved by Regional Councillor Vicente

Seconded by Regional Councillor Kaur Brar

That Committee of Council Recommendation CW389-2022 be extracted from the minutes and approved as follows:

CW389-2022

Whereas election signs are regulated and enforced by the municipality;

Whereas in Brampton, the existing sign by-law only permits election signs on private property with specific regulations on size, placement, timing and quantity per candidate, and does not permit election signs on public property;

Whereas research and experience demonstrate no real correlation between the number of election signs for candidates and results related to voter turn-out or candidate support;

Whereas the City of Brampton report dated 2021-05-17 (Impacts Associated with Illegal Election Signs) and recent verbal update from staff at the Special Council Meeting on November 16, 2022, share that over the past many elections, including the 2018, 2019, and 2022 municipal, provincial and federal elections, Brampton's election sign regulations are consistently being contravened;

Whereas despite candidate guides and education seminars offered through the City Clerk's Department, the volume of contraventions continues to grow;

Whereas a large number of these complaints pertained to signs placed on public property, including boulevards and parkland, excessive signage on residential and non-residential properties, billboards exceeding 2m² in sign area, signs placed on City fences or noise walls, and signs displayed for more than 72 hours after the close of the election;

Whereas contravention of election sign regulations raise a number of concerns in relation to visual clutter, driver distraction, visibility and public safety when located at intersections and/or near driveway access points;

Whereas costs associated with election signs are significant and can cost a campaign up to 50% or more of the expense limit and significant volunteer effort and time to install, manage, and replace signs during the campaign period in order to stay competitive using this campaign tactic;

Whereas campaigns for candidates in all elections have experienced an increase of sign tampering, including vandalism, theft and misplacement;

Whereas illegal signage also has an impact on municipal resources for enforcement, with an average cost to the City of investigating and prosecuting an illegal municipal election sign at approximately \$125.00 to \$130.00 per sign;

Whereas a significant amount of resources are spent on enforcement, investigation and in collecting the fines associated with illegal signs and sunk costs associated with such work is never fully recuperated;

Whereas it is within the municipality's jurisdiction to regulate and enforce the use of election signs and the provincial and federal government do not provide resources to help cover the costs borne by the municipality to enforce illegal election sign activity resulting from their respective elections;

Whereas alternate tactics for campaigns and options for residents to express their support for specific candidates or third parties exist other than election signs placed on lawns;

Whereas the placement of election posters at a residential window instead of election signs on lawns provides residents with the option to express their support for any particular candidate or third party but also prevents sign tampering, illegal placement, visual clutter, driver distraction, and public safety issues, etc.

Whereas election posters are less expensive and more environmentally friendly than election lawn signs;

Therefore Be It Resolved that as per City Staff Report issued on 2021-05-17, Option 1 be adopted to amend the Sign By-law to only permit the display of election posters in windows or in windows in doors with this restriction applying to all private property, including residential and non-residential lands. Only exempting election posters displayed from the interior of the building and restricting the use of all exterior election signs for candidates and third parties; and

That the amended sign by-law apply to all future elections; and

Minutes – City Council – Special Meeting – November 28, 2022

That staff recommend an increase to fines associated with illegal election signs in order to deter and recuperate costs associated with illegal signs.

1. THAT the report titled: **Recommendation Report – Request for a Municipal Council Support Resolution** dated November 9, 2022 to the Planning and Development Committee Meeting of November 28, 2022, be received;

2. THAT Council approve the following Municipal Council Support Resolution, for the request to assist Alectra Convergent Development Limited Partnership and Capital Power (Goreway Generation Station) (hereinafter referred to as the Proponents) in their application to a Long-Term Reliability Project Request for Proposal (RFP) issued by the Independent Electricity System Operator (IESO):

“WHEREAS:

1. The Independent Electricity System Operator (hereinafter as the IESO) has issued the Long-Term Reliability Project Request for Proposals (hereinafter as the RFP) for new projects that will increase the capacity and reliability of the electrical system in Ontario;

2. Alectra Convergent Development Limited Partnership, a joint venture between Alectra Energy Solutions and Convergent Energy + Power (and hereinafter as Alectra Convergent), proposes to construct and operate a Battery Energy Storage System (BESS) on the Alectra-owned property at the Jim Yarrow Transformation Station on lands with municipal address of 1100 Steeles Avenue West;

3. Capital Power proposes two electricity enhancement and expansion options at the Goreway Generation Station site on lands with municipal address of 8600 Goreway Drive, with Option One entailing the construction and operation of additional BESS units and Option Two entailing the construction and operation of a new gas-powered electricity generation unit;
4. Capital Power has not indicated its preference between the two options (addition of Battery Energy Storage System units or a gas-powered electricity generation unit) in their proposal;
5. Both Alectra Convergent and Capital Power (hereinafter as the Proponents) have requested a support resolution from the Council of the City of Brampton to assist their RFP bid;
6. Pursuant to the RFP, proposals that receive the formal support of the local jurisdictional authorities of all the project communities in which a proposed project is located in the form of a support resolution will be awarded three Rated Criteria points for the purpose of ranking the proposal in relation to other proposals in Ontario for a contract under the RFP;
7. Obtaining this Resolution does not guarantee a contract will be offered to both or either Proponents by the IESO;
8. The sole purpose of this Resolution is to assist the Proponents in their submissions to the IESO Long-Term Reliability Project RFP process;
9. In the February 24, 2021 Committee of Council meeting, Council adopted Resolution No. CW098-2021 to affirm the City's commitment in achieving ambitious greenhouse gases (GHG) reduction targets under the Community Energy and Emissions Reduction Plan (CEERP) and urge the Government of Ontario to phase out gas-fired electricity generation by 2030; and,
10. The addition of a gas-powered electricity generation unit in Brampton (Option Two of Capital Power's proposal) does not align with Council Resolution No. CW098-2021, including the City's adopted GHG reduction targets under the CEERP and the City's position to urge the Government of Ontario to phase out gas-fired electricity generation by 2030.

NOW THEREFORE BE IT RESOLVED THAT:

1. The Council of the City of Brampton supports Capital Power solely for its additional Battery Energy Storage System unit proposal (i.e., Option

One of Capital Power’s proposal) and Alectra Convergent on their bids for the RFP issued by the IESO;

2. The Council of the City of Brampton affirms that this Resolution does not imply support for planning or other forms of approval that may be required for the proposed projects; and

3. If either or both proposals are selected by the IESO for implementation, the Proponents will be required to work with City staff for the appropriate required development approvals and ensure the proposed development adhere to appropriate zoning, environmental, landscaping, urban design and other standards.”; and,

3. THAT Council affirms that this Resolution does not imply support for planning or other forms of approval that may be required for the proposed projects, as the sole purpose of this Resolution is to assist the Proponents in their submissions to the IESO Long-Term Reliability Project RFP process.

PDC200-2022

WHEREAS the Government of Ontario passed Bill 23 on November 28, 2022;
and

WHEREAS Bill 23 removes the ability for the City of Brampton to control growth, planning and management, and provides less City Council oversight in neighbourhood redevelopment; and

WHEREAS Bill 23 has potential to create overcrowding and/or unsuitable living conditions for Brampton residents, while adding additional responsibility for service delivery for the City, and

WHEREAS Bill 23 introduces a 10-year target of 113,000 new households for the City of Brampton, representing an annual increase in total housing growth nearly three (3) times the City's historical average over the past 20 years, and;

WHEREAS Bill 23 amends the definition of 'affordable housing' further increasing the threshold from \$400,000 to \$800,000 at which housing options are deemed affordable and exacerbating 'entry level' housing development options; and

WHEREAS to service the additional infrastructure, an estimated \$2 billion will be required beyond the current needs, an equivalent to a one-time property tax increase of 40% over a 10-year period for Brampton residents.; and

WHEREAS the combination of reduced DC revenue tools and targeted rapid growth will shift a significant portion of these additional infrastructure costs to the Property Tax Base;

WHEREAS with the rapid rate of growth in Bill 23 the City of Brampton will need funding partners from higher levels of government to build the infrastructure to service this growth without immediate investments in capital planning from the federal and provincial governments;

Finance

WHEREAS It is estimated that Bill 23 could cost the City \$440 million in development charges alone based on current growth plans. Without corresponding provincial grants, the City of Brampton would need to recover that revenue through the tax base or by reducing service levels. In efforts to recover the DC Shortfall, the City could expect an equivalent to a one-time increase of property taxes by about 9%, and;

WHEREAS additional impacts to development charges may also result from the proposed threshold of 80% of average market value to define affordable housing which could result in additional loss of revenue of between \$260M and \$800M depending on what % of development meets this threshold which would be equivalent to a one-time property tax increase of between 5%-16%, and;

WHEREAS the estimated 'cash-in-lieu' (CIL) parkland revenue loss is estimated to be as much as \$700 million to \$1.05 billion over the next decade, equating to a potential one-time increase of property taxes by 14% -21%, and;

WHEREAS Bill 23 is anticipated to not only reduce revenue for parkland and recreational facilities, but also reduce parks across the City, including less parkland per development and poorer quality parkland directly impacting the quality of life of Brampton residents, and;

Healthcare

WHEREAS despite the announcement of the Peel Memorial Phase 2 expansion to a full-service hospital, the City of Brampton continues to face a healthcare emergency, and planning must begin immediately for a third hospital in Brampton to meet the growth assigned in Bill 23; and

Riverwalk

WHEREAS the City of Brampton has secured partial Federal funding while actively advocating and waiting for the Province to also provide its share of funding to advance the Riverwalk project and remove flood risk to unlock downtown Brampton for the development of thousands of new residential units and 9 million square feet of new residential and non-residential gross floor area (GFA) situated at a significant transit hub in downtown Brampton; and

Environment

WHEREAS Bill 23 will reduce the ability of municipalities to protect, conserve, enhance and manage the natural heritage system, leading to the loss of protected lands, further loss of natural heritage areas and wetlands potentially

resulting in significant impacts such as increased risk of serious flooding and climate change risks, and;

Transit

WHEREAS congestion is an ongoing issue, and the Region of Peel has already determined that building more roads will not solve congestion issues; and

WHEREAS Brampton has the highest growth in ridership in the country; and

WHEREAS The City of Brampton needs funding to ensure residents and businesses can depend on transit today, and in the future, transit initiatives and vital transit infrastructure enhances regional connections and supports the growth of a diverse, dynamic and fast-growing city like Brampton; and

WHEREAS Brampton has not received the same level of transit funding as other comparable municipalities, the city continues to request a fair share of funding from higher levels of government for major transit infrastructure projects; and

WHEREAS The City of Brampton will need to partner with the province to build transportation infrastructure that best serves the needs of residents not only in Brampton, but across Peel Region, the GTA and communities across Canada's Innovation Corridor; and

WHEREAS the City of Brampton will need the provincial government to expedite the approval process in major transit projects including the Highway 7/Queen Street BRT, Hurontario/Main Street LRT extension to the Brampton GO station, and GO Rail Expansion Regional Express Rail service (frequent two-way, all-day) on the Kitchener corridor west of Bramalea GO to Mount Pleasant GO and beyond to Kitchener/Waterloo; and

WHEREAS Bill 39 Better Municipal Governance Act, 2022 is currently at second reading in the legislature, if adopted without changes it will add further challenges as it pertains to Bill 23 and associated wide ranging changes to municipal planning and potential fiscal impact to the City of Brampton;

NOW THEREFORE BE IT RESOLVED THAT:

1. City of Brampton Council form a special task force comprised of the Mayor (Patrick Brown), Chair of Planning (Councillor Palleschi), Deputy Mayor/Vice-Chair Planning (Councillor Singh), Chair of Community Services and FCM Board Member (Councillor Santos), Chair of Public Works and AMO Board Member (Councillor Vicente), and City Staff as determined by the CAO to develop and deliver a plan of advocacy to the provincial government which focuses on the

City's concerns related to Bill 23 and the need for significant investments to service the growth outlined in Bill 23;

2. The plan consider the work being done with municipal advocacy groups such as AMO, FCM, the Ontario Big City Mayors, to mitigate the fiscal impacts to municipalities and address unintended consequences from Bill 23
3. The task force engage in a meaningful fashion with developers and key stakeholders to identify the best approach to municipal planning and growth management as it relates to Brampton's existing plans, specific needs and challenges.
