Hi

I am a resident of ward 5 and love living in this neighborhood. I came across a notice board with the reference file number mentioned above, which is a shock to me after I read the notice. It is completely unacceptable as a resident of this beautiful neighborhood. The main reason of the beauty of this neighborhood is the detached houses and it is the main reason we chose this area to be our home. As far as I recall this area is zoned for detached houses only and there will not be any semis, stacked or high rises built in this area. This is the second notice we came across for zone changing proposal being reviewed by the city.

As a resident of one of the highest property tax area we feel betrayed and it raises so many questions and doubts in our minds.

I would like to request to Paul and Rowena to represent the ward as you are our elected representatives in the city council and we trust that you will take the necessary actions to make sure that the residents of your ward are being heard.

I strongly oppose this new proposal and would like to get update on this matter.

Sincerely  
Narinder Ghuman
