Hello Clara and Angelo

I have completed and attached the form, I oppose the proposal for following reasons

1. Public safety issues
2. open space for kids disappearing
3. privacy concerns.
4. anxiety of facing unknown/ strangers everyday
5. Unexceptional increase of traffic, vandalism and many more issues.
6. We want green zone in this area cutting down many trees will effect our environment

I would like to come and attend this meeting in person please confirm my spot

Thank you very much for your help I request you to help me stop this proposal to keep our Neighborhood quiet and safe as it is now.
