Dear City of Brampton and Mr Ambrico,

As a resident of this community for over 15 years, I'd like to be able to speak in person on my thoughts on this wonderful plan to expand our faith communities within this city. As someone who lives among my Christian, Sikh, Hindu and Bhuddist brothers and sisters, I can say that I am proud of our city for embracing a community of understanding. Bringing in a future for our children of one that creates compassion and mercy. One where we are able to educate and create bonds of unity. This is what will help to strengthen us ultimately rather than division due to ignorance or misinformation.

As someone who has worked as a health care worker for the past 10 years and tirelessly through the pandemic, I am proud to be giving back to this city and it's residents. When our help was required many of us stepped up. I would like to be able to attend this meeting on Monday at Brampton City Hall. I look to seeing you soon. Please consider this as my pre-registration to speak.

Kind regards,

Samira Abukar
