Subject: Application #A-2023-0008

Hello,

I oppose this application as the current owners do not look after the property and it is an eyesore on the street due to the number of vehicles, people, garbage and the lack of maintenance to the yard. I believe they already had a minor variance to add a walkway which has turned into additional parking spaces for cars. Currently there are always cars parked on the driveway, sidewalk, lawn and on the street. An addition to the house will only allow additional people to move into the house causing concern for a potential rooming house.

I am also concerned that I did not get a notice in the mail regarding this application. Can you please let me know why I was not informed about this property. I am concerned others are not informed.

Thank you
S Smith
