Hello

I live at 15 Caledon Crescent and my neighborhood told me there is a request for expansion at 50.

I oppose.

The house already sublets to multiple boarders.

Our street has no sidewalks , so kids play on road with no other options. The current residents have no regard for the speed limit, and the increase in traffic will directly affect our house, as it already does.

The current residents also have a disregard for the state of their property, and it is generally in a state of disarray. It would look abandoned if it weren't for the multiple cars jammed on the driveway and walkway.

Donna Mazzaferro

Smile.
