> Good Evening I received in the mail today a proposal of zoning by law amendment and draft plan of subdivision.

> I do have a major concern with amendment which lies in extending Hillpath Rd into a proposed subdivision in Caledon housing 77 new homes. I feel with the already approved townhouse development of 34 units on the southeast side of Hillpath this will put far too much pressure on the existing infrastructure of Highwood and HWY 10. As it stands Highwood road already houses the majority of movement from the Lighheart subdivision belonging to the town of Caledon. I feel that Brampton the residents should not be submitted to this excess traffic that will be caused by another township as they do not pay taxes to Brampton or fix our roads. Also we should not have to open up our somewhat quiet area to a hustle and bustle of another town. I believe Caledon needs to find another means of exit and entrance to this proposed subdivision.

> I would like this points to be brought up at the public meeting before the vote is put to council. I would also like to take part in the virtual meeting taking place on the 13 th of February. Please send me instructions on how to attend this meeting virtually.
