Hello

I was away on vacation when I received the public notice, so I hope I'm not too late to voice my thoughts. My biggest concern along with all the longtime residents in this neighbourhood is that this building will be turned into a rental unit. This property and many of the others in our neighbourhood have been turned into lodging homes with up to 15 to 20 people. This leads to excessive vehicles parked in the driveway and on the street, garbage thrown all over the property, long grass/ weeds. I've lived in my home 28 years and sadly my neighbourhood has really deteriorated because of this. This particular address along with many others on Cumberland Drive and Brisco Street is a rental unit. Because of the history of this property, being a rental unit, I'm convinced that the structure being built will only be used for more rental space despite what the property owner claims

Thank you

Rick
