

Petition to the City of Brampton

Dated May 3/2023

This petition is in response to the proposed zoning amendment APPLICATION # A-2023-0089
WARD #5 5 KINGSMERE CRESCENT, BRAMPTON

The following are reasons why "Northwood" residents do not agree with zoning amendment:

- Neighbourhood primarily consists of single floor bungalows, second story home will not fit the neighbourhood aesthetic
- Allowing a two story addition of this size will reduce value of neighbouring homes
- Home will overshadow neighbouring homes in turn impeding on privacy and landscape
- Northwood Park is geared towards young families allowing such an exception may create a potential precedent/domino effect thereby affecting housing affordability and integrity of the neighbourhood

By signing this petition, the residents acknowledge petition may become public as part of a council meeting agenda and proceedings.
