Mayor Patrick Brown
and City Council Members
City of Brampton
2 Wellington Street West
Brampton, ON L6Y 4R2

Dear Mayor Brown and Members of City Council,

I am writing on behalf of LiUNA – the Labourers' International Union of North America and our 90,000 plus members across the Province of Ontario, to express our strong support for the proposed LRT Extension Study along Main Street from the Brampton Gateway Terminal to the Brampton GO Station.

LiUNA is committed to building and supporting communities large and small, not only in Ontario but across this country. We believe that the LRT extension will have a tremendous positive impact on the City of Brampton and its residents. By creating a new and efficient transportation option, the LRT will provide greater accessibility not only for its' residents but for the thousands that visit Brampton each day whether for work or play.

We also understand the potential economic benefits that the LRT extension could bring to your great city. The construction of the LRT alone will create hundreds of jobs for our members. Moreover, as an organization dedicated to promoting sustainability, we appreciate access to more sustainable alternatives to driving in order to reduce traffic congestion and associated air pollution in Brampton.

LiUNA is committed to supporting initiatives that benefit the community, and we believe that the LRT extension will help to make Brampton a better place to live, work, and invest. We ask that you please support this needed proposal.

With kind regards, I remain

Sincerely,

Joseph S. Mancinelli
International Vice President
Canadian Director and
Central & Eastern Canada
Regional Manager
