Subject: [EXTERNAL]surplus land

Dear Mayor Brown and Council:

Please do not sell this parcel of land but please have it used for mixed income housing. Our city *desperately needs* more housing and more *deeply affordable housing* for those of us who call Brampton home.

Please at least delay the selling at this time, so it can be further discussed. We have so many people who are on the waitlist for subsidized housing, and many *more* who don't even try to get on the list because it's so long. It feels futile. I know, because I used to be one of them.

We need to care for all of our community, and think of each other's needs, and in light of the lessons learned during covid, having a safe place to isolate (i.e., *home*), is essential. We are all connected, and what affects one, affects all of us.

Thank you for listening,

Susan Moss
