**CW140-2023**

Whereas the Chinguacousy Branch is the face of Brampton Library and has been an integral part of the community for over 50 years offering a wide range of programs and services, and this Council wishes to ensure that our library system remains a vital resource to the residents of this city;

Whereas the Brampton Library and other Bramalea Civic Centre tenants have been on short-term leases with the City of Brampton, with the Brampton Library's lease set to expire in 2024;

Whereas no future commitments for the Civic Centre space beyond 2024 have been made to the Brampton Library;

Whereas the Library's 2022 Facility Master Plan made no reference to existing short term lease with the City, the relocation of the Chinguacousy branch or identified possible future sites;

Whereas City Council declared a health care emergency in January 2020 that recognized the unique and urgent needs of Brampton’s health care system, including major funding gaps, long wait times, and hallway medicine;

Whereas the City launched a Fair Deal for Brampton health care campaign to seek provincial funding and support to address the longstanding need for equitable health care funding for Brampton residents, as Brampton has nearly 56% fewer hospital beds per person than the provincial average of 220 beds per 100,000 people;

Whereas in July 2021, Brampton City Council voted in favour of a \$1-million planning grant to help fund a future Medical School in the city, matching the funding invested by the Province of Ontario earlier that year;

Whereas the City’s actions in support of the Medical School were reflected in the City’s recent budget engagement with more than 13,797 residents, in which 81% of respondents said that they support the \$20M investment the City is making in Brampton’s new Medical School, and 40% of respondents stated that healthcare was the top issue or service that the City should prioritize in our budgeting;

Whereas, since 2015 with the Blue Ribbon Panel, and ongoing investment in institutions with a footprint in the city, the City of Brampton has been actively seeking to increase the footprint of post-secondary education offerings within the City that will support the jobs of the future;

Whereas the City has been actively pursuing a Medical School in partnership with Toronto Metropolitan University, and together conducted community engagement in City wards and through tele town halls in 2022 to gain input on the community’s goals around this priority;

Whereas this is the first new Medical School announced by the Provincial Government to be built in the GTA in more than a century and the first in Ontario in over 30 years;

Whereas Brampton residents will directly benefit from the medical school through 94 undergraduate medical students graduating annually, 95 postgraduate highly-trained physicians graduating annually; 5 Integrated Health Clinics to provide 250,000 family care spots for residents to have a family doctor; 1,500 new high quality health sciences faculty and staff jobs, primarily located in Brampton; and more than \$255-million per year in local economic benefits;

Whereas the Civic Centre building had to be vacated in order to accommodate the urgent need for a new Medical School in response to the hallway medicine

crisis in Brampton, and to facilitate a rapid opening by 2025 to welcome 189 new medical professionals to help tackle Brampton’s healthcare crisis;

Whereas the Chinguacousy Library is relocating to the City-owned facilities at Chinguacousy Park and Glidden Road facilities on an interim basis, a location selected by the Brampton Library staff and endorsed in principle by the Brampton Library Board;

Whereas this Council is committed to the Brampton Public Library and the delivery of library services across the City of Brampton;

Therefore be it resolved that staff continue to support the Brampton Library on a short-term relocation to these City spaces in consultation with Brampton Library staff; and minimize the impact to the local communities; and

That the City work with the Brampton Library, and fund the necessary consultant to determine the future site for the Chinguacousy branch that will best meet the needs of the local community and identify collaborative opportunities for coordinating long-term Library site plans into the City’s recreation and facility planning processes.

**CW141-2023**

6. That the City of Brampton’s portion of the Municipal Accommodation Tax revenue be directed to support investments, such as Brampton-based place making, beautification, infrastructure and communications programming that support resident/visitor/guest experiences and tourism-related services, infrastructure development and sponsorships for Sport Tourism Events, Marquee Festivals and large-scale tourism activations, subject to the guidelines of the Tourism Sponsorship Program;
7. That staff be given approval to prepare a detailed work plan to support the creation a Municipal Services Corporation pursuant to the Ontario Municipal Act, requirements of Ontario Regulation 599/06, and other application legislation and regulations in the Province of Ontario, and Canada by July 1, 2024; and, that the Municipal Services Corporation with objectives of promoting tourism in the City of Brampton; and, that The Corporation of the City of Brampton serve as the sole shareholder of the Municipal Services Corporation; and, that the following executive positions be approved to serve as the start-up Board of Directors of the Municipal Service Corporation: Director, Strategic Communications, Tourism & Events, Manager Tourism and Events and one member of Council; and
8. That the City Clerk, City Solicitor, Treasurer and Commissioner of Corporate Support Services, or designates, be authorized and directed to take all actions to give effect to these resolutions.

**CW144-2023**

Whereas, according to the United Nations Panel of Experts Report on Sri Lanka, the war in Sri Lanka ended amidst the indiscriminate killing of 70,000 civilians, caused by the intentional bombings of civilian "safe zones," hospitals and humanitarian operations; and

Whereas the protracted genocide of the Tamils today is carried out through a brutal military occupation, and a deliberate program of Sinhala colonization and settlements; and

Whereas, while government sponsored settlements aim to destroy Tamil homes and livelihoods, the military occupation of the NorthEast controls all aspects of individual, social and professional life, threatening the safety and security of Tamils, and brutally suppressing any dissent against the Sri Lankan state oppression; and

Whereas many Tamil families have moved to Canada to flee the genocide, and Bill 104 tells their story, their struggle and the magnitude of their loss; and

Whereas no foreign interest should interfere with the democratic will of Canadians, and Bill 104 was adopted by the Parliament of Ontario;

Therefore Be It Resolved that the City of Brampton write a letter of support for Bill 104, the *Tamil Genocide Education Act*, which is being appealed by foreign interests to the Supreme Court.

**CW149-2023**

WHEREAS:

1. Sections 8, 9 and 11 of the *Municipal Act, 2001*, authorize the Council of the Corporation of the City of Brampton to pass by-laws necessary or desirable for municipal purposes, and in particular paragraphs 5, 6 and 8 of subsection 11(2) authorize by-laws respecting the economic, social and environmental well-being of the municipality, the health, safety and well-being of Persons; and the protection of Persons and property;
2. Section 129 of the *Municipal Act, 2001*, as amended, provides that a municipality may prohibit noise and vibration unless a permit is obtained from the municipality and may impose conditions for obtaining, holding and renewing the permit;
3. Excessive sound and inadequately controlled noise may impair public health, safety and welfare and may become a nuisance;
4. Urban noise is not just considered an annoyance, it is considered a “top environmental risk,” according to a recent report by the United Nations Environment Program and cars are the number one source of noise pollution in cities;
5. Many residents and neighbourhoods in the GTA, including Brampton, have experienced an unacceptable increase in noise as a result of modified car and vehicle engines that has become incredibly apparent during and since COVID-19;
6. International research shows that auditory sensitivities are common among people with autism spectrum disorder diagnoses (ASD) and Brampton is home to Erin Oak Kids and currently negotiating with the South Asian Autism Awareness Centre (SAAAC) to establish a location in Brampton, and embraces and supports families with children and adults with autism;

7. Peel Police have launched an annual “Project Noisemaker” campaign to crack down on these “noisemakers”;
8. Neighbouring municipalities, for example, Toronto, Mississauga, Richmond Hill have updated their noise by-laws given the increase in complaints related to excessive vehicular noise;
9. The City of Brampton requires an update to its noise by-law and a data category for complaints concerning excessive vehicular noise or excessive noise caused by lawn maintenance equipment do not currently exist within Brampton’s noise by-law, and are instead miscellaneously categorized as “excessive loud music” or “construction noise respectively”;
10. The City of Brampton data shows that complaints miscellaneously captured as “excessive loud music” have had an exorbitant TEN fold increase of 453 in 2018, to 4,896 in 2022;
11. It is an offence under the *Highway Traffic Act* (HTA) for the driver of a vehicle to permit smoke to escape from the vehicle or to cause the vehicle to make any unnecessary noise;
12. The HTA requires every motor vehicle to be equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and excessive smoke and prohibits the use of a muffler cut-out, straight exhaust, gutted muffler, Hollywood muffler, by-pass or similar device upon a motor vehicle;
13. As of April 1, 2022, the act of modifying the exhaust system of a motor vehicle is now considered an offence under the HTA but some muffler and auto-body shops continue to provide such services;
14. In 2019 the *Better for People, Smarter for Business Act*, S.O. 2019, c. 14 was enacted to amend the HTA to include a new section (s. 75.1) that will make it an offence to tamper with motor vehicles by:
  - a. removing, bypassing, defeating or rendering inoperative all or part of a motor vehicle’s emission control system; or
  - b. modifying a motor or motor vehicle in any way that results in increased emissions from the level to which it was originally designed or certified by the manufacturer of the motor or motor vehicle;
15. s.75.1 of the Act also prohibits the sale of tampering devices that create excessive noise on our streets and in our neighbourhoods.

THEREFORE BE IT RESOLVED THAT:

1. Staff update the noise bylaw with the following:
  - a. To include data categories to capture complaints specific to excessive vehicular noise and lawn maintenance equipment;
  - b. Similar to Winnipeg, limit hours and distance of auto-shops that emit excessive vehicular noise generated from the testing of modified vehicles;
2. Staff report back on opportunities to amend licensing requirements for auto-shops as it relates to the modification of vehicles causing excessive noise as per the amendment to the HTA (s. 75.1);
3. Working together with Peel Regional Police launch of “Project Noisemaker” implement a communications plan to increase awareness and notice of respective changes to the City of Brampton’s noise by-law;
4. Communication related to Project Noise Maker and the City of Brampton’s updated noise by-law be issued to all licensed auto-shops in the City of Brampton;
5. This motion be forwarded to Local MPPs, and Peel Regional Police.

**CW150-2023**
