that construction is about to happen in the near future at the southwest corner. I have observed vehicles not following the speed limit of 40 km/hr and during dismissal, trying to bypass the congestion on Financial as families are getting their children into their vehicles. The speed limit changes to 50 km/hr at the downhill going south. It's a busy and distracting intersection during dismissal, <sup>(slightly thereafter)</sup> and more dangerous during the winter months with ice on the road to contend with. A crossing guard has never been stationed there and I'm not sure how that can be. Please consider the points being addressed here. Thank you.
