Hi Sunny, I have questions I assume these will be addressed during the Aug 28, 2023 meeting,

How will my and others properties be protected against:

1. What type of business/(s) will using the property
2. How will increased vehicle traffic / human noise will addressed
3. How will trespassing, privacy we currently have be addressed
4. How will my property be protected from garbage odor and debris thrown or blown onto my property such as but not limited to cigarette and Cannabis butts, food waste packaging
5. Will there be an alcohol or Cannabis product sold on the property and how will my property be protected
6. Will there be any late night activities on the property
7. How will dirt and vibration during construction be addressed to prevent damage to my property
8. What will be done to prevent dirt from contaminating my and other pools in the area
9. What will be done to maintains the wildlife and especially bird presence in the area, We extremely enjoy birds nesting and singing in the trees and rabbits crossing through our backyard

Sincerely,

John Bains
