Was this issue addressed in that visit? Yes No

Have the recommendations from the site visit been addressed? Yes No

Date of committee meeting where this information will be presented:

Response to Inquiry: Date: _____ By (name): _____

Observations:

Numerous occasions of people running the stop sign, or not stopping on time and nearly hitting parents and children. On May 10th, 2023 while walking my son to school, we were halfway across the crosswalk, there was a car stopped at the stop sign, and suddenly he started to proceed through the crosswalk, I had to pull my son back as he almost was hit by the car. I've seen numerous cars disregard the stop sign and fly through the crosswalk. Other parents have fought with drivers that have refused to stop while they and their children were crossing the road. Its very hazardous and dangerous and I think a crossing guard would be very beneficial and provide a better layer of protection for children during the school year.

Also, there is a bush that obstructs drivers from seeing children approaching the crosswalk and it's a dangerous setup. I've included pictures below of the crosswalk.

Cars will park in the morning for drop off and at pick up times right at the corner of the intersection impeding the crosswalk and causing confusion for drivers and pedestrians as well.

Picture of the crosswalk facing in the direction of the elementary school.
