We are owners/residents of the home located on Manorcrest St. This is regarding the residence on 23 Manorcrest Street, Brampton.

The width of the driveway on 23 Manorcrest is 9.14 meters which violates the bylaw that permits a maximum width of driveway of 6.71 meters. Also, the bylaw that requires 0.6 meters of permeable landscaping abutting the side lot line is being violated by having 0 metres of permeable landscaping abutting the side lot. This area is a residential neighbourhood not a parking lot and we feel that it is important that bylaws be applied.

Not enforcing such bylaws encourages others to breach bylaws if there seem to be no consequences.

Citizens must realize that bylaws are in place to be obeyed and not ignored--there are consequences when violated.

Yours sincerely,

Donna and Bill Anderson

20 Manorcrest St.

Brampton, Ontario,
