To whom it may concern:

I am writing regarding application A-2023-0291 (46 Truro Circle).

I live directly across the street at 12 Taurus Road, Brampton L7A 4E5, with a direct view onto the property and driveway in question.

**I can say with FULL confidence there is absolutely NO problem with the driveway expansion at 46 Truro Circle** from my family's perspective. Functionally, it has caused no disturbance or disruption whatsoever. The driveway has not affected a single thing on or around the property. There is no functional issue with this driveway the way it is today. It is not being used for more than 1-2 vehicles and is properly used and maintained.

In fact, they have maintained well-groomed and clean landscaping around their driveway. The landscaping was professionally installed and is well maintained always. This demonstrates the great care they have taken and that this was not an abrupt or selfish decision to expand the driveway for improper use.

Aesthetically, the driveway and landscaping is very beautiful and helps to make our street, our neighbourhood and our city look more beautiful. I believe this driveway is helping to make our area more desirable to live in and I am very happy to have it remain as is. Our family would be very disappointed and saddened to see any changes and **we implore you to dismiss this issue.**

The occupants / owners of 46 Truro Circle are truly lovely people who have only had good intentions to beautify and improve their property and therefore the neighbourhood. They have caused no disruption or issue whatsoever and don't deserve to be burdened by this matter.

You may contact me personally at any time to discuss further.
