Dear Arjun Sing/Development Planner

I hope this letter finds you well. I am writing to express my concerns regarding the construction project by paradise homes Mahogany #OZS-2023-0033 that is scheduled to take place near my residence at [REDACTED].

As a resident of this neighborhood, I fully understand the importance of infrastructure and development projects for the growth of our city. However, I would like to bring to your attention the unique circumstances in our household. We have a young infant(7month old daughater) living with us, and their well-being and safety are of the utmost importance to us.

The noise, dust, and disruptions associated with construction activities can be unsettling for an infant, potentially affecting their health and overall comfort. I kindly request that the city office consider delaying the construction by 3/5 years in our immediate vicinity, or taking measures to minimize the impact on our home during the construction process.

I understand that public projects are essential and must proceed, but I hope that there can be some flexibility in the scheduling to accommodate our family's situation. We are willing to work together and cooperate with the city and the construction team to find a solution that ensures the safety and well-being of our child during this period.

I kindly request your assistance in this matter and would be grateful for any support or guidance you can provide to address our concerns.

Thank you for your understanding and consideration of our request. We are hopeful that we can find a solution that works for both our family and the city's development plans. I'm not able to attend public meeting by in person so, Please consider my situation on public meeting on 23 October 2023.

Sincerely,
Nishithkumar Patel
Mansi Patel
