

# GFCC Volunteer Flow Chart

## Request comes in...

(via phone, email, FB messenger)

## We gather preliminary details...

Can we help? Volunteer gather details like location, specific problem, # of cats, are they friendly, being fed, etc.

## More in-depth review...

Volunteers coordinate to make arrangements to go and have a look or chat in more detail with the resident.

## Education...

When meeting with person, we educate them on what we do, what they can do. We also ask for a donation.

## Coordinate our response....

Volunteers work together to make arrangements to trap (provide outdoor shelter if needed, delivery of trap, transport, safe place to recover, etc.)

## Provide ongoing support...

Volunteers continue to provide colony support (food, advice, monitoring)

## Feral cats....

After surgery and recovery, ferals are returned to the same location

## If cats/kittens of adoptable age and/or tame(able)...

Volunteers put out a call to rescues to take them and/or put into temporary foster
